NCI-DESIGNATED CANCER CENTERS COMMUNICATION TOOLKIT

#WeAreNCIDesignated

● CANCER CENTER
● COMPREHENSIVE CANCER CENTER
● BASIC LABORATORY

The toolkit contains social media messages, graphics, key messages, and FAQs to share with your audiences about the importance of NCI Designated Cancer Centers and what it could mean for patients seeking care and the scientists looking for research opportunities.

PHYSICIAN DATA QUERY (PDQ)

Comprehensive source of cancer information for health professionals and patients. PDQ contains evidence-based cancer information summaries on a wide range of topics. Located on NCI's website in English and Spanish, PDQ is freely available to be syndicated on other websites.

NCI MINUTE

Check out the NCI Minute, a video series that features one-minute cancer research updates hosted by the NCI Press Chief. The videos are aimed at the public and are shared on NCI social media channels.

NEWSLETTERS & BLOGS

NCI offers a collection of blogs and newsletters including:
- NCInsights newsletter: provides the latest information about NCI news, activities, programs, events, and resources. Contact the NCInsights team to subscribe.
- Bottom Line Blog: grantee-focused blog covering NCI's fiscal landscape, funding decisions, grants policy news, processes, and more.
- Childhood Cancer Data Initiative (CCDI) newsletter: provides updates on the initiative, stories from the community, and upcoming events.
- Cancer Currents Blog: features news and research updates.

NCI EQUITY & INCLUSION PROGRAM (EIP)

The NCI EIP strives to increase the diversity of the cancer research workforce, build a more inclusive and equitable NCI community, address cancer disparities, and advance health equity. Subscribe to the EIP newsletter to get the latest email updates and opportunities.

NCI VISUALS ONLINE

Database of cancer-specific scientific and patient care-related images, as well as general biomedical and science-related images. Visuals Online currently provides public access to 3,691 images.
